Kitty Mach from Thermaltake shows off their new eSPORTS products as well as some of the previous generation models to show how far they've come and where they are going. If you're a gamer, make sure you check out our CES 2014 coverage from Thermaltake as they have a lot of good products coming down the pipe.

In the clip below, Shannon talks to us from the Thermaltake suite about their newest cases as well as the digital power supply app and how well they've implemented this feature in their software.
