BCCHardware, [Thermaltake](#) and [Zalman](#) are proud to present our October Giveaway! The prizes? These coolers are designed for maximum performance and minimum noise for many of today's popular CPUs.

There are our 99th and 100th Cooling product reviews. These of course aren't all CPU coolers, but #99 was the Thermaltake ISGC-400 cooler and #100 was the Zalman CNPS10X Extreme CPU Cooler. The good news is that you can have a chance to win one of these coolers.
