Gaming input devices are usually a bit better built than many other products, so you should get something new that will last you through the summer. Perhaps one of these products reviewed below.

[Topre Realforce 105UB - XSReviews](#) ---- [Das Keyboard Model S Professional Mechanical Keyboard - TweakTown](#) ---- [C](#)
[M Storm Sentinel Advance II Mouse - HardwareSecrets](#)

[CM Storm Trigger Mechanical Keyboard - Vortez](#)

[ROCCAT Savu Optical Gaming Mouse - TweakTown](#)

[SteelSeries Kinzu V2 Pro Silver Special Ed. Mouse - NikkTech](#)
