---

Smaller is better when it comes to fanless PC's and thanks to new chips by AMD and Intel they are getting ridiculously small. Check out the [new Foxconn Nano PC over at FanlessTech](#). What impresses me the most with this unit is that its still available with an Intel Atom option. I'd gladly pick up the AMD E450 version though. You'll have to wait until September, but it might be worth the wait.

- Atom D2550 / AMD E450
- 1 x SO-DIMM socket (DDR3 memory up to 4GB)
- 2 x USB 3.0 ports
- 4 x USB 2.0 ports
- 1 x 2.5" bay
- 1 x 1.8" bay
- 1 x SD/SDHC/MS/MS Pro/MMC card reader
- 1 x Gigabit LAN port
- 1 x HDMI
- 1 x VGA (looks awfully like a DVI port to us)
- 802.11n Wi-Fi
- 19 cm x 13.5 cm x 3.8 cm
- VESA mountable
- 600 g
